4.1 Eligibility and documents / 4.1 資格及文件

Applicants should hold a registrable dental/stomatological qualification and registration in the relevant country or region of practice. P1 requests a current CV, certified qualification and licence copies, and a covering letter. Confirm lawful clinical practice at each training site separately; enrolment is not a clinical licence.

申請人應持可註冊牙科／口腔醫學資格及相關國家或地區執業註冊。P1 要求現行履歷、經核證學歷及執照副本與申請信。每個臨床地點的合法執業資格須另行核實；入讀不等於取得執業許可。

4.2 Fair selection and interview / 4.2 公平甄選及面試

Proposed process: publish criteria and fees; check eligibility; score applicants against an approved rubric; use trained selectors who declare conflicts; record decisions; offer a documented review route. Interview format, scoring weights, English/Chinese language requirements, selection panel, cohort limit and application deadline are [MISSING]. No guaranteed admission or exemption is inferred.

建議程序：公布準則及費用、核對資格、按獲批評分表評選、由受訓且已申報利益的甄選人員處理、記錄決定並提供覆核途徑。面試形式、比重、中英文要求、評選小組、班額及截止日期均[待補]，不推定保證取錄或豁免。

4.3 Equality adjustments and prior learning / 4.3 平等調適及既往學習

Apply a locally approved equality and reasonable-adjustment policy, with confidential requests, documented decisions and maintenance of essential clinical standards. Recognition of prior learning, leave, transfer and maximum completion time require explicit programme rules; Malta’s employment, citizenship and specialist-entry provisions do not apply automatically.

採用經本地審批的平等及合理調適政策，保密處理申請、記錄決定並維持必要臨床標準。既往學習認可、請假、轉班及最長修讀期須有明確規章；馬耳他的僱用、國籍及專科入學條文不自動適用。
