S0 Introduction and overview

簡介及概覽

Sources / 來源: P1 pp 2–4; R1 introduction; R2 introduction | Open actions / 待辦: G02 G05 G06

Programme overview / 課程概覽

The Diploma combines lectures, seminars, practical exercises, prescribed reading, continuous assessment and supervised clinical casework over 2.5 years. It addresses the gap described in the brochure between undergraduate exposure and the practical knowledge required for orthodontic care in general practice. Quantified local needs analysis and stakeholder consultation records are not yet supplied.

本課程為期兩年半，結合講課、研討、實習、指定閱讀、持續評核及受督導臨床病例。課程回應簡章指出的需求：本科接觸程度與普通科矯齒診療所需實務知識之間的差距。尚欠本地需求數據及持份者諮詢紀錄。

Design approval and progression / 設計審批及進階

The programme is described as managed by HKIO with the SJTU department. The supplied faculty panel and lecture archive show teaching resources, but do not establish current appointments, institutional approvals or stakeholder participation. Proposed progression decisions should be made by an appointed assessment board after six-monthly review, with recorded evidence, remediation and final award sign-off. Board terms and fitness-to-practise procedures require approval.

資料指出課程由 HKIO 與上海交大相關部門合作管理。專家名單及錄影目錄顯示教學資源，但不能代替現任委任、機構批文或持份者參與證明。建議由獲委任評核委員會在每六個月檢討後作進階決定，記錄證據、補救及最終授證審批；委員會章程及適任執業程序待批。

Evidence conventions / 證據標示

Documented = stated in a supplied programme source, not independently audited. Proposed = drafted for joint-force decision. Missing = evidence not supplied. Conflict = sources disagree. No item is treated as approved solely because a reference programme satisfied it. English is the submission working text; Traditional Chinese supports team review and requires bilingual sign-off before use as an authoritative translation.

「有文件記載」指現有課程資料載明，並非獨立審核。「建議」指待聯合工作組決定的草稿。「待補」指未提供證據。「有矛盾」指來源不一致。參考課程曾達標不代表本課程已達標。英文為申請工作文本；繁體中文供團隊審閱，作正式譯本前須完成雙語核實。

S1 1 Purpose and outcomes

1 宗旨及學習成果

Sources / 來源: P1 pp 2–3; R2 §§1.1–1.2 | Open actions / 待辦: G05 G07

1.1 Purpose and scope / 1.1 宗旨及範圍

The intended audience is registered dentists seeking structured orthodontic training for primary care. Competence limits, referral thresholds and patient safety must govern case selection. Complex orthognathic, cleft, trauma and interdisciplinary topics are included for recognition and collaborative planning; independent specialist competence is not asserted.

對象為希望接受有系統基層矯齒訓練的註冊牙醫。病例選擇須受能力範圍、轉介門檻及病人安全規範。正頜、唇顎裂、創傷及複雜跨學科課題用於辨識及協作規劃，不宣稱可獨立提供專科水平治療。

1.2 Outcomes and alignment / 1.2 成果及對應

LO01–LO11 below retain the eleven objectives in the brochure, expressed as assessable outcomes. Assessment mappings are proposed and need approval; observed workplace assessment is an additional proposed control, not an existing documented examination component. All outcomes require evidence of achievement, not attendance alone.

下列 LO01–LO11 保留簡章的十一項目標，改寫為可評核成果。評核對應屬建議，待審批；直接觀察工作場所評核是新增建議管控，並非已確認考試項目。所有成果均須提供達成證據，不能僅憑出席。

2.1 Duration and study pattern / 2.1 修讀年期及模式

Documented duration is 2.5 years part-time; no full-time route is established. The brochure describes approximately one supervised clinical session weekly, six-monthly continuous assessments and assessment at the end of each theoretical course. The introduction slides instead describe online supervision before and during treatment. Confirm the approved blend, session length, teaching weeks and onsite escalation arrangements.

文件載明兩年半兼讀制，未設已確認的全日制途徑。簡章列每週約一節受督導臨床學習、每六個月持續評核及每項理論課程結束評核。介紹投影片則列治療前及治療期間的線上督導。須確認正式混合模式、每節時數、教學週數及現場升級處理安排。

2.2 Capacity and flexibility / 2.2 容量及彈性安排

Cohort capacity, active trainee numbers, chairside and online supervisor ratios, practical-group sizes and protected trainer time are [MISSING]. Do not import Malta's specialist-training ratios. Proposed capacity approval should reconcile chairs, nursing cover, suitable patients, supervision hours and facilities. Leave, deferral, reasonable adjustments, remediation and teach-out arrangements require published regulations.

班額、現有學員數目、現場及線上督導比例、實習班人數及導師專用時間均[待補]。不可直接套用馬耳他專科訓練比例。建議核准班額時核對牙椅、護理支援、合適病人、督導時數及設施。請假、延期、合理調適、補救及課程停止時的完成安排須制定規章。

2.3 Curriculum and workload / 2.3 課綱及學習量

All 65 numbered curriculum topics are reproduced in Appendix A02 and the Curriculum worksheet, retaining source hours and unallocated entries. The brochure states no less than 86 guided hours. These taught hours alone do not substantiate 120 CATS. The Hours worksheet separates documented contact hours from unverified clinical, independent-study and assessment time; no notional hours are presented as delivered. The numeric entries total 89 hours; topics 36 and 37 are unallocated. The 89-hour subtotal meets the stated minimum but is not a validated full workload.

附錄 A02 及 Curriculum 工作表保留全部 65 項課綱、原列時數及未分配項目。簡章稱指導時數不少於 86 小時；單憑授課時數不足以證明 120 CATS。Hours 工作表把有記載的接觸時數與尚未核實的臨床、自修及評核時間分開，不把估算時數當成已完成。 數字項目合共 89 小時，第 36 及 37 項未分配；89 小時達簡章最低要求，但不是已核實的完整學習量。

2.4 Timetable and learning resources / 2.4 時間表及學習資源

Proposed sequence: months 1–6 foundations, records and safety gateway; months 7–12 planning and appliance skills; months 13–18 supervised management and risk review; months 19–24 progress, finishing and retention; months 25–30 portfolio completion and final assessment. This is a planning framework only. Provide dates, hours, named teachers, venues and learning-outcome links. The lecture catalogue is based on recording titles and does not prove content coverage, attendance or current faculty appointment.

建議次序：第 1–6 月基礎、紀錄及安全准入；第 7–12 月規劃及矯治器技能；第 13–18 月受督導治療及風險檢討；第 19–24 月進度、精修及保持；第 25–30 月完成病例及終期評核。這僅為規劃框架，須補日期、時數、教師、場地及成果對應。錄影目錄以標題整理，不能證明完整內容、出席或現任師資。

S3 3 Assessment

3 評核

Sources / 來源: P1 pp 3–4; P2 slides 11–12; P5; R2 §3 | Open actions / 待辦: G08 G09 G13 G14 G15 G16

3.1 Supervision and clinical gateway / 3.1 督導及臨床准入

The brochure requires continuous supervision by qualified trainers centrally registered with the Programme Management Office and appointed by the Coordinator. Proposed gateway before programme case treatment: verify registration and indemnity, consent and confidentiality training, clinical-site induction, diagnostic records, treatment plan and a practical skills assessment. Record the supervisor's authorisation and permitted tasks. Remote advice must have a named onsite clinician and emergency/referral route.

簡章要求由課程統籌委任並在管理辦公室登記的合資格導師持續督導。建議開始課程病例前核實註冊及彌償保障、知情同意與保密培訓、場地入職導引、診斷紀錄、治療計劃及實務技能評核，並記錄導師授權及准許項目。遙距指導須配合指定現場臨床人員及緊急／轉介途徑。

3.2 Appraisal and case requirements / 3.2 進度評議及病例要求

P1 states a minimum of 20 well-documented supervised cases, three formal written case submissions and presentation of two treated or nearly completed cases. P2 states two enrolled cases and 18 essays. These are unresolved conflicts; no new threshold is imposed here. Confirm whether the two presentations are selected from the three write-ups, which cases count, required case mix, completion/retention rules and arrangements for delayed care. Six-monthly review should record evidence, feedback and an agreed remediation plan (A03).

P1 列至少 20 宗有完整紀錄的受督導病例、三份正式病例報告及兩宗已完成或接近完成病例的匯報；P2 則列兩宗登記病例及 18 篇文章。以上矛盾尚未解決，本稿不擅自訂立新門檻。須確認兩宗匯報是否從三份報告選出、計算準則、病例組合、完成及保持要求與延後治療安排。建議每六個月記錄證據、回饋及協定補救計劃（A03）。

3.3 Examination and marking / 3.3 考試及評分

Documented final components: two-hour MCQ written paper; two treated/almost-completed case presentations; two diagnostic exercises; oral examination. Question count, durations beyond the MCQ, component weightings, pass standard, safety-critical failures, compensation, reassessment, appeals deadlines and examiner appointments are [MISSING]. Proposed quality controls: blueprint every component to outcomes, agree standard setting before examination, calibrate examiners, moderate borderline results, document conflicts and retain secure mark records.

終期考試包括兩小時 MCQ、兩宗已完成／接近完成病例匯報、兩項診斷練習及口試。題數、其餘時限、比重、合格標準、安全關鍵失誤、不及格補償、重考、上訴期限及考官委任均[待補]。建議逐項建立成果藍圖、考前訂標、考官校準、邊緣成績覆核、利益申報及安全保存評分紀錄。

3.4 Award and continuing education / 3.4 授證及持續教育

P1 requires all prescribed attendance and CDE of at least 10 hours per annum, also stating at least 30 hours across 2.5 years. Do not silently replace this with 25 hours; confirm partial-year rules. Award sign-off should reconcile attendance, approved workload, assessments, portfolio, supervision and unresolved conduct concerns. Certificate wording and any MOrth progression claims require institutional and RCSEd confirmation.

P1 要求出席全部指定活動，每年持續牙科教育至少 10 小時，同時列兩年半內合共至少 30 小時。不可自行改成 25 小時；須釐清不足一年的計算方式。授證前應核對出席、獲批學習量、評核、病例、督導及未解決操守事項。證書及任何 MOrth 銜接字句須經機構及 RCSEd 確認。

S4 4 Selection and admission

4 甄選及收生

Sources / 來源: P1 pp 3,11; R2 §4; A04–A05 | Open actions / 待辦: G17 G18

4.1 Eligibility and documents / 4.1 資格及文件

Applicants should hold a registrable dental/stomatological qualification and registration in the relevant country or region of practice. P1 requests a current CV, certified qualification and licence copies, and a covering letter. Confirm lawful clinical practice at each training site separately; enrolment is not a clinical licence.

申請人應持可註冊牙科／口腔醫學資格及相關國家或地區執業註冊。P1 要求現行履歷、經核證學歷及執照副本與申請信。每個臨床地點的合法執業資格須另行核實；入讀不等於取得執業許可。

4.2 Fair selection and interview / 4.2 公平甄選及面試

Proposed process: publish criteria and fees; check eligibility; score applicants against an approved rubric; use trained selectors who declare conflicts; record decisions; offer a documented review route. Interview format, scoring weights, English/Chinese language requirements, selection panel, cohort limit and application deadline are [MISSING]. No guaranteed admission or exemption is inferred.

建議程序：公布準則及費用、核對資格、按獲批評分表評選、由受訓且已申報利益的甄選人員處理、記錄決定並提供覆核途徑。面試形式、比重、中英文要求、評選小組、班額及截止日期均[待補]，不推定保證取錄或豁免。

4.3 Equality adjustments and prior learning / 4.3 平等調適及既往學習

Apply a locally approved equality and reasonable-adjustment policy, with confidential requests, documented decisions and maintenance of essential clinical standards. Recognition of prior learning, leave, transfer and maximum completion time require explicit programme rules; Malta’s employment, citizenship and specialist-entry provisions do not apply automatically.

採用經本地審批的平等及合理調適政策，保密處理申請、記錄決定並維持必要臨床標準。既往學習認可、請假、轉班及最長修讀期須有明確規章；馬耳他的僱用、國籍及專科入學條文不自動適用。

S5 5 Support working conditions administration and governance

5 支援工作條件行政及管治

Sources / 來源: R1 support and governance; R2 §5; A05–A29 | Open actions / 待辦: G06 G18 G19 G20 G21 G22

5.1 Oversight and accountability / 5.1 監督及責任

Proposed Joint Programme Board: SJTU academic lead, HKIO operational lead, assessment lead, clinical governance lead, QA lead and trainee representative. Confirm names, authority, quorum, meeting frequency, escalation route, delegated decisions and succession cover. Keep minutes, decision records and a controlled evidence register. 建議聯合課程委員會包括上海交大學術主管、HKIO 營運主管、評核主管、臨床管治主管、質素主管及學員代表。須確認姓名、權限、法定人數、會議頻率、上報途徑、授權及替補。保存會議紀錄、決策及受控證據目錄；合作協議應界定教學、授證、臨床責任、資料及財務承諾。

5.2 Safety and local policies / 5.2 安全及本地政策

Appendices A05–A25 retain the reference numbering and supply adaptation specifications, draft workflows and forms. None establishes adoption of Maltese legislation, GDPR applicability or Mater Dei procedures. Each clinical site must supply its approved local policies, accountable officers, training records and implementation evidence. Specific additions cover safeguarding, medicines, candour, appeals, malpractice, fitness to practise, welfare and reasonable adjustments (A26–A29).

附錄 A05–A25 沿用參考編號，提供本地化要求、流程草稿及表格，不代表採用馬耳他法例、確認 GDPR 適用或採納 Mater Dei 程序。每個臨床地點須提供本地批准政策、責任人、培訓及執行證據。另設 A26–A29 涵蓋保障弱勢、藥物、坦誠披露、上訴、失當、適任執業、福利及合理調適。

5.3 Student support and continuity / 5.3 學員支援及持續照護

Provide a named academic adviser, confidential pastoral contact, IT support and a route independent of the supervisor for concerns. Proposed underperformance response: identify evidence, discuss with trainee, agree supervised remediation and review date, record reassessment and appeal rights. Clinical restrictions must be based on patient safety. Patient handover and retention follow-up must continue during absence or withdrawal. Contact names and service response standards are [MISSING].

應提供學術顧問、保密福利聯絡人、資訊科技支援及獨立於督導者的關注渠道。建議處理表現不足：確認證據、與學員討論、協定受督導補救及覆核日期、記錄重評與上訴權。臨床限制應以病人安全為依據；缺席或退學期間亦須持續交接及保持期跟進。聯絡人及服務回應標準[待補]。

S6 6 Trainers and faculty

Sources / 來源: P1 pp 7,10; P3; R2 §6 | Open actions / 待辦: G23 G24 G25

6.1 Faculty and appointments / 6.1 師資及委任

P1 lists an education and training panel chaired by Professor Urban Hägg with Professor Ling Yu-Kong John as deputy, and a wider expert panel. P1 and P3 identify lecturers by topic. These are source-listed names, not verified current appointments. The Faculty worksheet records the source role and requests qualifications, registration, experience, signed appointment, teaching allocation, supervisor remit, appraisal and conflict declaration for each proposed faculty member.

P1 列教育及培訓委員會主席 Urban Hägg 教授、副主席凌裕江教授及其他專家；P1、P3 亦列授課者及題目。這些是來源名單，並非已核實現任委任。Faculty 工作表列來源角色，並要求每位擬任師資的資格、註冊、經驗、委任、教學分工、督導範圍、評議及利益申報。

6.2 Support staff and allocation / 6.2 支援人員及配置

Provide site-level numbers, full-time equivalents and allocation for dental nurses/assistants, technologists, hygienists where relevant, radiography, decontamination, administration and IT. Record supervisor absence cover and protected time. No staffing numbers or ratios from Malta are attributed to SJTU–HKIO.

按地點提供牙科護士／助理、技工、適用的潔牙員、放射、消毒、行政及資訊科技人員數目、全職等值及分工，並記錄導師缺席替補及保留時間。不將馬耳他人手或比例當成 SJTU–HKIO 的配置。

6.3 Trainer development / 6.3 導師發展

A24 provides a training and appraisal record. Review teaching feedback and calibration before reappointment; nominate backup faculty for core modules.

List every teaching and clinical location, responsible provider and agreement. Supply photographs/inventory and inspection evidence for chairs, instruments, simulation space, imaging, sterilisation, nursing, emergency provision, accessibility and patient availability. The brochure's reference to suitable venues is not a site audit. Surgical exposure stated for the separate MOrth route is not automatically part of this Diploma.

列出所有教學及臨床地點、負責機構及協議，提供牙椅、器械、模擬場地、影像、消毒、護理、急救、無障礙及病人來源的清單、照片與檢查證據。簡章稱「合適場地」不等於完成場地審核；MOrth 路徑的外科觀摩不自動列入本課程。

9.1 Feasibility and continuity / 9.1 可行性及持續營運

Financial stability is [MISSING]. Supply an authorised budget showing cohort assumptions, tuition income, faculty and administration costs, teaching venues, clinical supervision, IT/library, assessment, indemnity, accreditation/inspection and contingency. Include confirmed funding, minimum viable cohort, refund/withdrawal terms and a funded teach-out plan. The Budget worksheet is deliberately unpopulated where no amounts were supplied.

財務穩健證據[待補]。須提供獲授權預算，包括班額假設、學費收入、師資行政、場地、臨床督導、資訊科技／圖書、評核、彌償、認證／視察及應急支出；亦須確認資金、最低可行班額、退款退學條款及有資金支持的完成課程計劃。未提供金額的 Budget 欄位刻意留空。

9.2 Sponsorship / 9.2 贊助

Commercial support, benefits in kind and associated conditions must be declared, including a positive declaration of none if applicable. The Board should confirm that sponsorship does not determine the curriculum, learner selection, assessment outcomes or clinical decisions. Signed agreements and conflict-management records are required.

須申報商業及實物贊助與附帶條件；如無亦應明確申報。委員會應確認贊助不左右課綱、收生、評核結果或臨床決定，並保存協議及利益管理紀錄。

Sources / 來源: R1; R2 §10; W1 | Open actions / 待辦: G01 G32 G33

Reference alignment / 參考格式對應

F0 follows the application particulars and declaration. S0–S10 follow the completed reference application. S2 covers both Structure/Organisation and Content in the online form; S5 covers both Support/Working Conditions and Administration/Governance. A01–A25 preserve reference appendix numbers; A26–A30 add application-required controls and case documentation. The reviewer checklist is an internal gap map, not a completed RCSEd reviewer opinion.

F0 對應申請基本資料及聲明；S0–S10 沿用已完成參考申請架構。S2 涵蓋網上表格的結構／組織及內容；S5 涵蓋支援／工作條件及行政／管治。A01–A25 保留原附錄編號，A26–A30 補申請所需管控及病例文件。審查清單為內部差距對照，並非 RCSEd 審查意見。

Submission release gate / 提交前核准

Before release: confirm the application version/tier with RCSEd; close all P1 actions with evidence and approver; reconcile programme conflicts; approve policies and translations; verify faculty and sites; approve finances; cross-check every upload; obtain authorised signature. RCSEd's current webpage indicates approximately six months for dental applications, superseding reliance on the older form's minimum-eight-week wording for planning. Fees and any inspection charges require confirmation.

提交前須確認 RCSEd 表格版本及級別；以證據及審批人完成全部 P1 行動；解決課程矛盾；批准政策及譯本；核實師資場地；批准財務；逐一核對附件並取得授權簽署。RCSEd 現行網頁提示牙科申請約需六個月，規劃時不宜再依舊表格「最少八週」。費用及任何視察收費須確認。

Updating the package / 更新文件套件

Keep stable action and evidence IDs. Update the Excel action owner, status, due date, evidence, reviewer and approval date; record every substantive change on the final Changes tab. Return the workbook and supporting evidence for the next dossier revision. The website imports an updated workbook and exports a new data.js snapshot for GitHub. Importing changes progress views only; Word/PDF narrative remains version 1 until regenerated and approved.

保留固定行動及證據編號。在 Excel 更新責任人、狀態、期限、證據、審閱人及批准日期，並於最後 Changes 工作表記錄實質修訂。下次請提供已更新工作簿及證據，以便重整申請稿。網站可匯入工作簿並匯出新的 data.js 供 GitHub 使用；匯入僅更新進度畫面，Word／PDF 內容在重新產生並審批前仍為第一版。
